Exhibitors' Success Stories

MAY ISLAND
Kocoslab Co., Ltd.
Korea

We have been participating in BBS for many times and on the first day of BBS 2019, we had over 20 business meetings with not only big buyer companies from ASEAN countries and also with local promising buyers in Thailand. We will join BBS again in 2020 to strengthen our brand awareness to ASEAN consumers.

This is our first time to join Bangkok Beauty Show and we were really impressed with the quality of the show. Consulted amount of business meetings was over our expectations and BBS provided us the valuable experiences with international brands & companies from 8 countries.
